The category Advice, How-To, and Miscellaneous Best Sellers includes both print and e-book sales. The titles ranked in these monthly Best-Seller Lists are selected by the Best-Seller List editors from among all adult nonfiction print and e-book titles reported to The New York Times during April. Sales are statistically weighted to represent and accurately reflect all outlets proportionally nationwide. Among the categories not actively tracked at this time are: perennial sellers, required classroom reading, textbooks, reference and test preparation guides, e-books available exclusively from a single vendor, journals, workbooks, calorie counters, shopping guides, periodicals and crossword puzzles. An asterisk (*) indicates that a title's sales are barely distinguishable from those of the title ranked above. A dagger (†) indicates that some bookstores report receiving bulk orders. The New York Times Best Sellers are compiled and archived by The Best-Seller Lists Desk of The New York Times News Department, and are separate from the Culture, Advertising and Business sides of The New York Times Company.
